

The Israel Flute Choir was founded in 2014 by Prof. Eyal Ein-Habar, senior flutist of the Israel Philharmonic Orchestra. The choir is conducted and musically directed by Mrs. Iris Ringer, a flute performer and teacher.

The ensemble consists of amateur flutists from across the country, playing the entire range of the flute family, from piccolo to contrabass flute.

Our repertoire spans from the Renaissance to contemporary music, including classical arrangements and original works composed specifically for the ensemble.

We perform at various cultural events and social enterprises throughout Israel.

In 2019 and 2023, the choir participated in the international flute conferences in Poland and Portugal. Our current show program is based on original Israeli repertoire. In addition, we will be honored to accompany Prof. Eyal Ein-Habar (our founder and one of the festival's soloists) in a well-known classical piece.
