Mitwirkende:

Founded by Prof. Ece Karşal, Turquoise Flute Ensemble brings together the experienced flutists based in Istanbul. The ensemble represents a refined chamber formation that reflects both individual artistry and a collective orchestral tradition.

Turquoise Flute Ensemble has performed at various international festivals and concert series, presenting concerts that highlight both contemporary and classical repertoire. The ensemble is distinguished by its flexible structure and its commitment to artistic collaboration across different musical cultures.

As soloist of the ensemble, Lelya Bayramoğulları is an internationally recognized flutist. She received her early musical training at the İzmir Conservatory under Prof. Câhit Koparal, and later continued her studies in Germany at the Folkwang Hochschule (Folkwang University of the Arts) with Yo Washio and Prof. André Sebald. After completing her studies, she successfully passed the orchestral audition and has since served as Principal Flutist (Solo Flute) of the Antalya Symphony Orchestra.
